

April 3, 2020

Good Afternoon All --

We continue to review the COVID-19 situation and meet as an Executive Board to make decisions based upon the latest information. Rest assured that we are working hard to have a season this summer and we understand the critical role you will play in making that happen. Given the current situation, we are moving back the April 6 deadline for Team Forms to be submitted. You will have the new due date for Team Forms along with other key dates and information next week. Please watch for an email from me with that information.

Thank you for your continued support of tennis in the Columbus area!

Best regards,

Lori Brown
